

The golden rules on the safe use of chemicals.

- Store in original containers or correctly labelled trigger spray bottles.
- Never use a chemical from an unlabelled bottle.
- Keep away from the public and never leave chemicals unattended.
- Keep lids on tightly.
- Do not store or leave in direct sunlight, near heat or naked flames.
- Know the product and its risks. Read the labels and the safety datasheets.
- Always follow manufacturer's instructions.
- Never mix chemicals.
- Never smell or taste chemicals.
- Read and learn the First Aid procedures for each chemical.
- Always add product to water, not water to product.
- Use dispensing equipment, if available, as per Local Authority regulations.
- Dispose of empty chemical containers as soon as they become empty.
- Dispose of waste chemical solutions safely.
- Wear the correct safety equipment.

Example of CLP Labelling

TRIO 100
ODOURLESS SANITISER CONCENTRATE

♣ KILLS MRSA
♣ NON-TAINTING - SAFE FOR THE FOOD INDUSTRY
♣ KILLS 99.999% OF BACTERIA - PASSES BS EN 1276

TRIO 100 is an odourless, neutral sanitiser that is ideal for use in the food industry. Effective against MRSA, Salmonella, E. coli and Pseudomonas Aeruginosa.

Kills 99.999% of bacteria. Tested to BS EN 1276 at a dilution of 1:50 by an independent laboratory.

TRIO 100 cleans and sanitises all hard surfaces and equipment, including floors, walls, delivery vehicles, etc.

DIRECTIONS & SOLUTIONS
Clean heavily soiled areas with TRIO 2000, 1000 or 500 before using TRIO 100.
Dilute 1 part TRIO 100 with 80 parts of hot or cold water.
Apply to surfaces using a mist, spray, trigger or sponge.
Contact Time: 60 seconds*
Rinse off or leave to dry with water.

SAFETY PRECAUTIONS
Sanitising should be done on a regular basis. Do not use TRIO 100 solution of TRIO 100 for 30 minutes. Rinse with water afterwards.
* Only use after a contact time of 10 minutes. For 10 second contact time, use at 1:20 dilution.

HEALTH & SAFETY
Danger
Causes severe skin burns and eye damage.
Very toxic to aquatic life.

Wash hands thoroughly after handling.
Avoid release to the environment.
Wear eye protection.
If IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If eye irritation persists: Get medical attention.
Collect spillage.
Keep out of reach of children.
